```

Early Work

- ❖ Possibly the first computer processing of text for topic classification
- ❖ was by Maron in 1961
- ❖ it used keywords to classify the documents based on topic

M. E. Maron, "Automatic indexing: An experimental inquiry," *Journal of the ACM (JACM)*, vol. 8, no. 3, pp. 404–417, 1961.

Proposal

- A Method is Proposed
  - Described In Detail
  - as a plan to be carried out
- The Method is good
  - Pleasing
  - Affordable
    - in time
    - in budget
- There is no other
